Who We Are

SKHB Construction Ltd is a London-based construction company that specialises exclusively in restaurants and hospitality spaces. Founded by Sununu, we are a hands-on team of specialist tradespeople — electricians, plumbers, tilers, carpenters, painters, and metalworkers — who work together on every project.

Every person on your site is part of our team, trained to our standards, and accountable to one project manager. This means better communication, fewer delays, and a consistent level of finish throughout your venue.

What We Stand For

Craftsmanship Every detail finished to the highest standard	Transparency Honest pricing, no hidden costs	Reliability On time, on budget, every time	One Team All trades in-house, no excuses
---	--	--	--

Our Services

Full Restaurant Builds Shell-to-finish construction for new openings. Structural work, M&E, fit-out, and finishing — all under one roof.	Kitchen Fit-Outs Commercial kitchen installations. Extraction, gas, plumbing, electrical, tiling, and equipment positioning.
Renovations & Refurbishments	Bar Construction

Refresh your venue without a full closure. We plan around your trading hours.

Custom bar builds from concept to completion. Joinery, metalwork, refrigeration, lighting, plumbing.

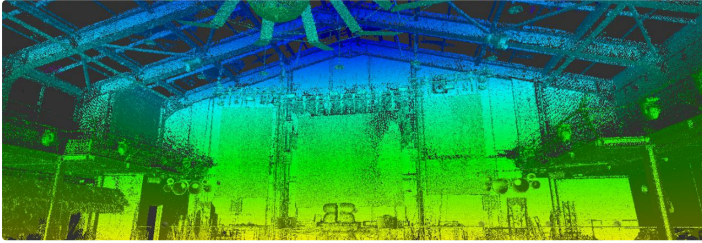

Bespoke Joinery & Furniture

Custom tables, banquettes, shelving, and cabinetry built to last in high-traffic environments.

Ongoing Maintenance

Reactive and planned maintenance. Preventing small issues from becoming costly closures.

3D Scanning & Design Technology

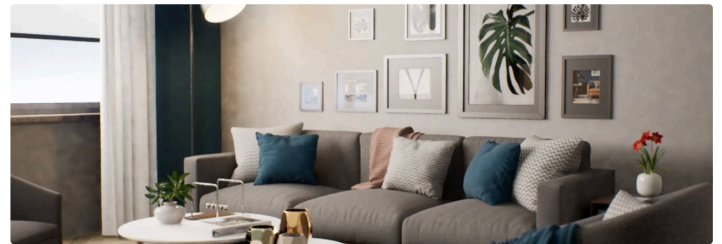

3D Visualisation

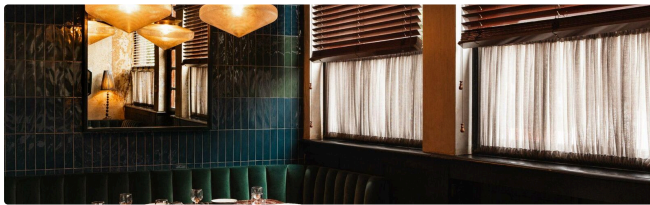

From wireframe to photorealistic render — we model every space in SketchUp and render with V-Ray so clients see exactly what the finished venue will look like before construction starts.

LiDAR Scanning

We use millimetre-accurate 3D scanning to capture existing spaces before design begins. Working with our partner Hallgrave, we produce detailed point clouds that feed directly into our SketchUp models — eliminating guesswork and reducing costly surprises on site.

Selected Projects

Kudu Grill

PECKHAM, SE15

Full restaurant build — commercial kitchen, bespoke joinery, custom metalwork, ambient lighting, tiling.

Little Kudu

PECKHAM, SE15

Wine bar and restaurant — custom wine wall, bespoke planters, outdoor terrace, interior fit-out.

Lisboeta

FITZROVIA, W1T

Fonda

MAYFAIR, W1B

Mexican restaurant — custom tables, banquette seating, checkerboard tiling, terracotta flooring.

Tanqueray Activation — Vinegar Yard

LONDON BRIDGE, SE1

Brand activation — outdoor terrace bar, floral feature wall, custom bar counter, rapid turnaround.

How We Work

01 Consultation

We visit your site, listen to your vision, review plans, and understand your budget and timeline. Free, no-obligation site visit.

02 Planning & Quotation

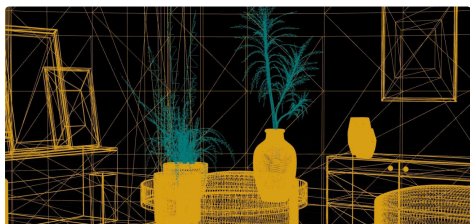

Detailed, transparent quote covering every element. Fixed price, no hidden costs. Programme of works planned to minimise downtime.

03 Build

Our in-house team delivers every trade on site. One project manager, daily updates, relentless focus on quality and timeline.

04 Handover & Aftercare

Final walkthrough, snagging, sign-off. We don't leave until you're satisfied. Ongoing maintenance available.
